REGION VIII
OIL AND HAZARDOUS MATERIALS
POLLUTION CONTINGENCY PLAN

This Regional Contingency Plan of Region VIII has been prepared within the framework of the National Oil and Hazardous Materials Pollution Contingency Plan and provides a mechanism for coordinating response to a spill of oil or other hazardous substances. This plan is designed to anticipate all water pollution incidents occurring in the navigable waters of Region VIII. Agencies and organizations participating in this plan are:

FEDERAL GOVERNMENT

Environmental Protection Agency
Department of Transportation
Department of Defense
Department of the Interior
Department of Health, Education and Welfare
Department of Commerce
Department of Justice
Department of State
Office of Emergency Preparedness
Department of Agriculture

STATE GOVERNMENTS

Colorado Water Pollution Control Division
Montana Water Pollution Control Council
North Dakota Environmental Health and Engineering Services
South Dakota Department of Health, Division of Sanitary Engineering
Utah Water Pollution Committee, Division of Health,
Department of Social Services
Wyoming Department of Health

LOCAL GOVERNMENTS

PRIVATE ORGANIZATIONS

For the Region VIII Contingency Plan the format described in the National Contingency Plan is followed.

Section 100 through 600 are described in the National Contingency Plan with the exception of Section 500 to which the Region VIII General Alerting Plan is added.

GENERAL ALERTING PLAN

As provided for in the National Contingency Plan Section 500, Coordinating Instructions, Subsection 503, notification, the General Alerting Plan in Figure 1 is followed.

The Environmental Protection Agency is the initial contact in Region VIII for the reporting of spills of oil or hazardous materials and fish kills. A 24 hour emergency number (303) 837-3880 is maintained at Region VIII Headquarters, Denver, Colorado for the reporting of spills and fish kills.

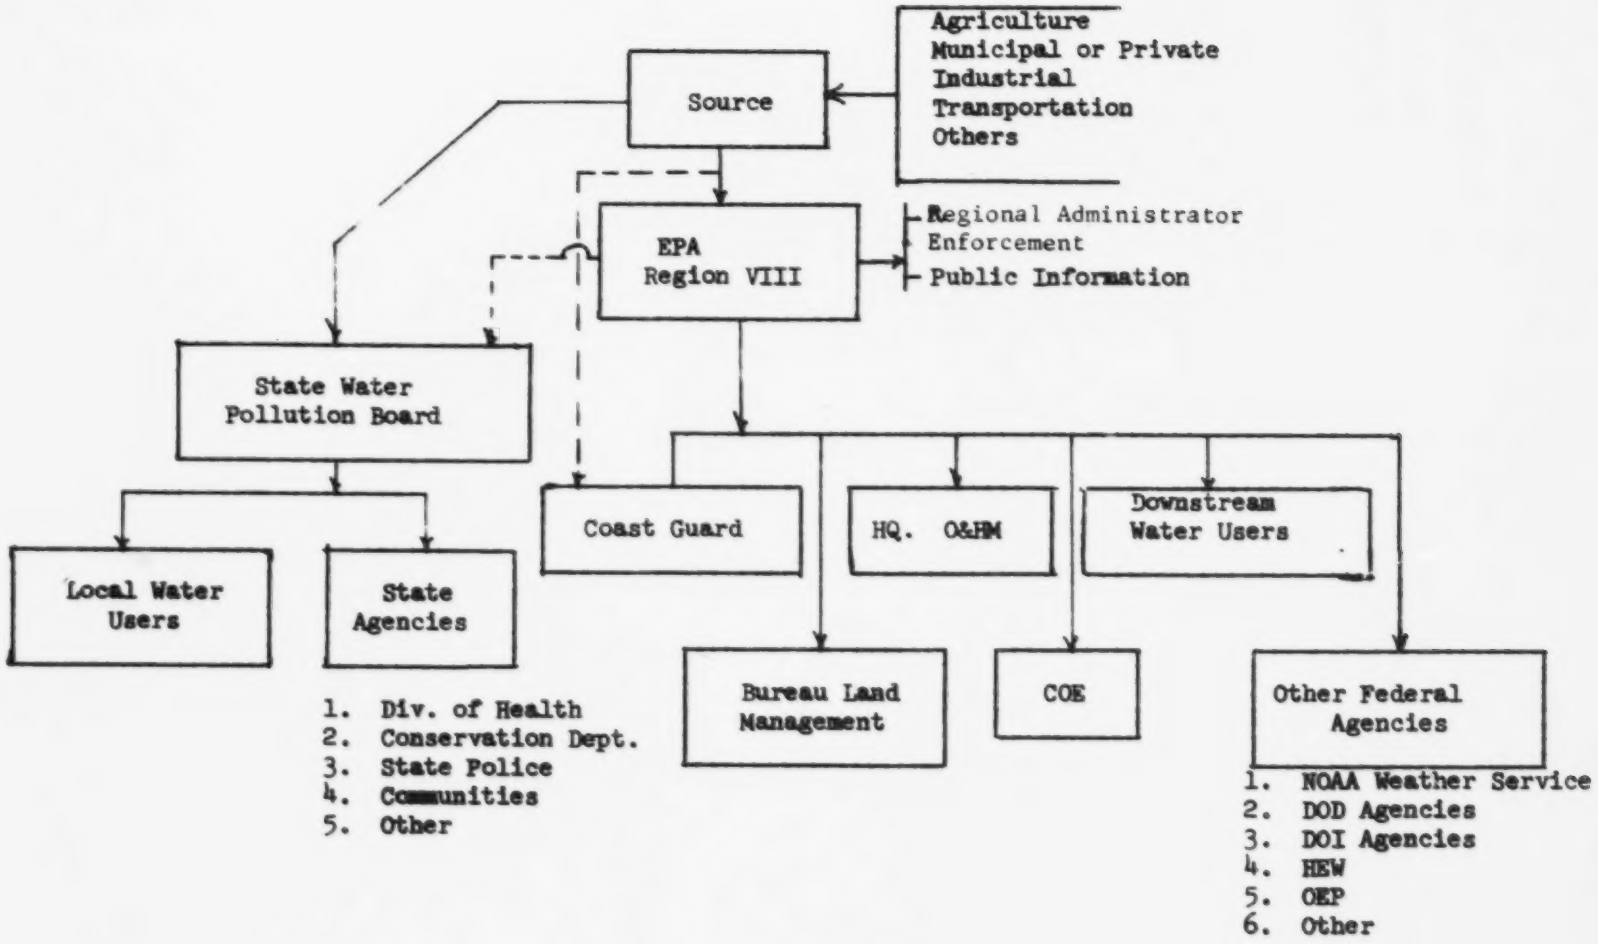

Figure 1

General Alerting Plan
Region VIII

1101.1 This plan will be distributed as described in National Plan, Annex I.

1101.2 Included in this formal distribution are the following:

ENVIRONMENTAL PROTECTION AGENCY

Office of Air and Water Programs, Regional Offices

U. S. DEPARTMENT OF THE INTERIOR

National Park Service

Midwest - Omaha, Nebraska
Southwest - Santa Fe, New Mexico

Bureau of Land Management
State Offices

Colorado - Denver, Colorado
Montana - Billings, Montana
North Dakota - Billings, Montana
South Dakota - Billings, Montana
Utah - Salt Lake City, Utah
Wyoming - Cheyenne, Wyoming

Bureau of Outdoor Recreation

Mid-Continent - Denver, Colorado
Pacific Northwest Region - Seattle, Washington
Pacific Southwest Region - San Francisco, California

Bureau of Reclamation

Region 1 - Boise, Idaho
Region 3 - Boulder City, Nevada
Region 4 - Salt Lake City, Utah
Region 5 - Amarillo, Texas
Region 6 - Billings, Montana
Region 7 - Denver, Colorado

Bureau of Sports Fisheries and Wildlife

Region 1 - Portland, Oregon
Region 2 - Albuquerque, New Mexico
Region 3 - Twin Cities, Minneapolis

1101.3 Formal distribution of the Regional Plan and amendments will be under the direction of the Environmental Protection Agency. Additional copies may be obtained upon request to Region VIII Environmental Protection Agency - Office of Water Programs, suite 900, 1860 Lincoln Street, Denver, Colorado 80203.

1101.4 Participating or interested non-Federal agencies will receive distribution of this plan, all approved amendments, and all approved changes in accordance with their needs. Initially, each of the following agencies will be forwarded two copies of the plan with additional copies available upon request.

State of Colorado

Department of Health
Water Pollution Control Commission

State of Montana

Department of Health
Water Pollution Control Council

State of North Dakota

Department of Health
Water Pollution Control Commission

State of South Dakota

Rocky Mountain Region, Denver, Colorado
Intermountain Region, Ogden, Utah

ANNEX II

1200 Regional Response Team

1210 Regional Response Team Membership

1210.1 The Regional Response Team RRC activities parallels the National Response Team except on a regional level. See National Plan for details.

1214 Regional Spill Emergency Team (ReSET)

1214.1 Regional spill emergency teams are comprised of program representatives of Enforcement, Operations, and when appropriate, Research and Development. Individuals serving on the team are pre-designated and one person is appointed to serve as the ReSET Field Coordinator. Region VIII, as shown in Figure IV-1, is divided into six zones along state lines. The ReSET personnel and phone numbers are in Annex XX.

1214.2 Specific missions of the team are:

1214.2-1 To advise the Regional Director of any violations of Federal statutes and to recommend prosecution of such violations, where appropriate.

1214.2-2 To provide, within available resources or through other agencies or contractural services, serial and surface surveillance utilizing visual, photographic, and remote sensing techniques.

1214.2-3 To conduct special studies and investigations which will include ecological surveys, physical and chemical analysis, and evaluation of environmental conditions as such studies and investigations relate to the mission of the team.

1214.2-4 To gather and safekeep evidence, facts, and arrange for the taking of statements from witnesses in the event prosecutions are warranted.

1214.2-5 To coordinate the personnel from other agencies in the DOI when such agencies respond to spill pollution episodes in the navigable waters of the United States.

1214.2-6 To notify other State, Federal and local jurisdictions as appropriate and in consonance with the Regional Contingency Plan.

In the event of a spill the information on the spill will be immediately evaluated by the on-duty Field Coordinator on a first priority basis. Decisions as to subsequent actions will be made on a first priority basis in order that the most complete and timely response is made to the incident.

1214.3 The Field Coordinator would be responsible for:

1214.3-1 Activating ReSET and responding, on-scene, to a significant spill incident.

1214.3-2 Determining when Research and Development support, either from the Regional program or the Edison Laboratory, is required.

1214.3-3 Providing field coordination of Enforcement, Operations, and Research and Development to the Regional Director when the Regional Response Team of the Regional Contingency Plan is activated.

1214.3-4 Coordinating follow-up actions, as appropriate in the programs of Enforcement, Operations, and Research and Development, following any spill incident.

1214.3-5 Advising the Regional Director on specific equipment, research, and additional personnel needs pertaining to any specific spill episode.

1214.3-6 Activating pre-established labor hour contracts for special studies if the spill incident exceeds the immediate response capability of Region.

1214.3-7 Coordinating all press or other news releases through the Regional Director.

1214.3-8 Coordinating reports to the Region and Headquarters regarding a spill episode.

1215 Coordinated Response

1215.1 Regional and subregional overlap

1215.1-1 When a pollutional incident overlaps regional and subregional boundaries, the Contingency Plan for any affected region or subregion will be activated.

1215.1-2 In the case of a subregional overlap the RRT will determine the Federal OSC and coordinate the resources of the subregions. The possible regional overlaps that would affect Region VIII are:

a. If an unknown source spill occurs on the Red River it will be reported to Region V, Chicago, Illinois. If the source of a spill is known it will be reported to the regional office in whose region the facility is located. In either case, when a report is received by either region, that region will immediately notify the other region. Region V Field office in St. Paul will respond to all spills on the Red River.

ANNEX III

1300 Regional Response Center

1301 Regional Response Center Location

1301.1 The Regional Response Center (RRC) for control of pollution by Oil and Hazardous Materials is established at Headquarters Environmental Protection Agency, Region VIII, Denver, Colorado.

1302 Regional Response Center Purpose

1302.1 The purpose of the Regional Response Center parallels the function of the National Response Center on a regional bases. Refer to National Contingency Plan for details.

1305 Environmental Information

National Oceanic Atomspheric Administration contacts are listed in Annex XX, Section 3002.

ANNEX IV

1400 PRIMARY AGENCIES' REGIONAL AND DISTRICT BOUNDARIES

1401 Geographic Boundaries

The geographic boundaries within Region VIII of the participating agencies listed below are graphically shown in Figures IV-1 through IV-15. Responsible officials, response teams, and pertinent telephone numbers and addresses are contained in Annex XX - Subregional Contingency Plans.

1401	Environmental Protection Agency	Figure IV-1
1402	United States Coast Guard	Figure IV-2
1403.1	Corps of Engineers	Figure IV-3
1403.2	Continental Army Areas	Figure IV-4
1403.3	United States Navy	Figure IV-5
1403.4	USAF Reserve	Figure IV-6
1404.1	Field Committee Regions (U.S. Dept of Interior)	Figure IV-7
1404.2	U.S. Geological Survey (Oil and Gas Operations)	Figure IV-8
1404.3	National Park System (U.S. Dept of Interior)	Figure IV-9
1404.4	Bureau of Reclamation (U.S. Dept of Interior)	Figure IV-10
1404.5	Bureau of Sports and Fisheries and Wildlife (U.S. Dept of Interior)	Figure IV-11
1404.6	Bureau of Land Management (U.S. Dept of Interior)	Figure IV-12
1405	USDA National Forest Service (Dept of Interior)	Figure IV-13
1406	Department of Health, Education and Welfare	Figure IV-14
1407	Office of Emergency Preparedness	Figure IV-15

1402 OSC Areas of Responsibility

The regional Oil and Hazardous Materials Coordinator (on-scene commander) for Region VIII has responsibility for all oil and hazardous material spills within the region.

The on-scene commander authority may be delegated to local, State or Federal officials as conditions warrant. The on-scene commander may be predesignated or assigned at the spill scene.

Local or State personnel when acting as on-scene commander do not have authority for using Federal funds. If federal funds are required a federal official must assume on-scene responsibility.
